From Ivybridge/Exeter, travelling on the A38.

After passing the Ivybridge Exit you will see a large Garden Centre (Endsleigh Garden Centre) on your left hand side. Proceed along the A38 and ignore the next exit to Westlake. After $\frac{1}{2}$ mile take the exit for Lee Mill/Cornwood/Cadleigh.

Keep to the right hand side of the slip road. At the end of the slip road you arrive at a T Junction, turn right and proceed under the A38. After 100 yards at the next T Junction turn left. You will notice a Jet Filling Station to your left and then a local hostelry (The Westward Inn.) As the road bears around to the left you will see a local Post Office also on your left and there is also a blue Public House on the right hand side. As the road widens slightly, on your left you will see a cream coloured single storey building. The windows and door frames are red and we are at the end by the entrance to the rear car park. There is a sign for Hudsons. Please park outside the entrance by the double doors.

If you pass the Lee Mill factory outlet (a large brown building with a red sign) you have gone too far. Please turn around and look for the cream building now on your right.
